

Academic Socialization

Communicate Hopes and Expectations

- “School is important in our family – we expect you to work hard”
- “You can do it!” “I know you will do great in that class.”

Connect School to Life

- Share stories about your experiences in school
- Talk about life and interests when your child tells you about school

Build Study Skills and Strategies

- Make homework, reading, and studying a priority at home
- Help your child learn how to find school help, and ask for it

Help your Child Plan for the Future

- Make sure your child takes challenging classes, and is ready for graduation
- Learn about the requirements for admission to post-high school programs
